

# Welcome to the LGBTQ+ support group!

- The purpose of this group is to provide a safe place for LGBTQ+ students and their friends to socialise and have lunch together at least once every half-term.
- Students will be given the opportunity to ask questions and express their opinions, though we may not always be able to answer them.

## GROUND RULES

- We are kind and respectful to each other.
- We do not ask people to share their gender identity or sexuality or tell people who they are.
- We obey usual College rules about how we treat one another.
- We respect everyone's right to privacy, so we do not need to talk about who attends to anyone outside the group.
- We do not talk about sex or our romantic relationships – we are not here to gossip!
